

CALIFORNIA
PINOT GRIGIO
VIBRANCE
2025

FRANCIS
COPPOLA
DIAMOND COLLECTION.

Inspired by our guests' wishes for lower-alcohol wines to enjoy, Diamond Collection Vibrance Pinot Grigio is a delicious low calorie, low alcohol, low carb alternative. Pinot Grigio is grown in California's cooler appellations, where chilly evening temperatures and a regular incursion of fog help the grapes retain their natural acidity. The result is a crisp vibrant wine that's smooth and balanced.

WINEMAKER'S NOTES:

We like to show off the floral qualities of this varietal. The grapes are picked based upon proper flavor ripeness and acidity and harvested in the cool of the night. After the grapes are pressed, the juice is fermented at cool temperatures in stainless steel to preserve the fruit's fragrance and flavors. A portion of the grapes were picked early to accommodate the wine's lower alcohol.

SCENTS OF:

Honeydew Citrus Honeysuckle

FLAVORS OF:

Green Apple Tangerine Minerality
